Dear Dub:

Although our home is now eleven years old, with the completion of the remodeling you provided, its allmost like moving into a new home. Going from a 12 x 25 foot living room to a 23 x 25 has been pretty much overwelming to us and we're very satisfied with the results. Having worked around tradesmen for many years, I must say that the sub-contractors you backed and provided , are top notch and without any complaints. Your guy's worked hard and really tried to "keep the dust down" as much as possible and the removal of the load-bearing wall and the re-supporting of the roof that was neccessary was no easy task. I really think that your knowledge of construction played a major rôle.

Should someone ask who's a good GC, I'll tell them to call Dub at MLC.
